Stony Brook Yacht Club Dog and Pet Rules

The Board has asked the Environment, Health, and Safety Committee to remind all members once again of the following rules regarding dogs and other pets on the yacht club property, which will ensure the safety and comfort of club members, their families, (especially children) and their guests:

- 1. Dogs and all other pets are prohibited in the club house, except service dogs.**
- 2. Dogs are also not permitted on the club beach.**
- 3. Dogs on the club grounds and on the docks and in the lagoon must be leashed at all times.**
- 4. Dogs must remain under the immediate control of the owner, and/or another adult family member, while on club property.**
- 5. Dog owners are responsible for cleaning up their dog's waste.**

On behalf of the Stony Brook Yacht Club Board of Trustees, thank you in advance for your compliance with these rules.

**Richie Otterstedt, Co-chair
Environment, Health, and Safety Committee**
